*A list of attendees has been copied below.*

## **1. Opening and welcome**

The Chairperson welcomed the members, Minister of Finance, the Provincial Treasury, the Department of Local Government and the municipal officials from Drakenstein, George, Mossel Bay, Overstrand, Saldanha Bay and Stellenbosch municipalities to the meeting. The meeting commenced with brief introductions from the members, Minister of Finance and the departmental and municipal officials.

The Chairperson indicated that he had called for this meeting with the Provincial Treasury and the six selected municipalities to gain a perspective of the financial situation within the local government sphere. Hence, he requested a briefing and financial analysis of three intermediate municipalities and three high population growth municipalities to gauge how these municipalities were faring during the last financial year. The municipalities were also requested to provide the Committee with a perspective of the challenges they were experiencing.

## **2. Briefing and assessment by the Provincial Treasury on financial matters related to the six selected municipalities: Drakenstein, George, Mossel Bay, Overstrand, Saldanha Bay and Stellenbosch**

The Minister of Finance and the Provincial Treasury presented an analysis on the financial matters related to Drakenstein, George, Mossel Bay, Overstrand, Saldanha Bay and Stellenbosch Municipalities. The presentation covered an analysis of the actual budget results, operating revenue, operating expenditure, capital expenditure, the debtors' age, creditors, cash positions, financial positions, outstanding loans, financial ratios and the financial performance of each municipality.

The members were requested to hold their questions until the briefings from the municipalities concluded.

## **3. Briefings by the municipalities on their respective challenges**

The Speakers, Mayors, Municipal Managers and relevant municipal officials from Drakenstein, George, Mossel Bay, Overstrand, Saldanha Bay and Stellenbosch Municipalities briefed the Committee on their respective challenges.

The members were afforded the opportunity to ask questions related to all the briefings, including the Provincial Treasury's briefing.

Following the discussion session, the Committee noted that more time was required to engage with the information provided by the Provincial Treasury and the municipalities. The Committee also discussed the importance of having similar briefings with the remaining municipalities in the future. After a brief discussion, the Committee indicated that it would consider extending the length of future meetings, or setting aside an entire day, when having similar engagements with the municipalities and Provincial Treasury in the future.

The Chairperson also noted that due to time constraints, the Committee would consider and adopt the draft Committee Minutes of 26 August 2025 at the next meeting.

#### **4. Resolutions/actions**

The Committee RESOLVED that the Chairperson of the Standing Committee on Finance should meet with the Chairperson of the Standing Committee on Local Government, Environmental Affairs and Development Planning to determine the way forward for both committees to engage with the municipalities in the province, especially struggling municipalities in financial recovery such as Beaufort West, which both committees had visited in February 2025.

The meeting adjourned at 16:50.
