1. Opening and Welcome

The Chairperson opened the meeting and welcomed the Members of the Committee and the various stakeholders from various Institutions.

2. Briefing by the Department of Environmental Affairs and Development Planning on the generation of renewable energy

The Department provided the Committee with a briefing on renewable energy with specific reference to waste management. This topic was placed into a National and Provincial Policy context. Current renewable energy activities undertaken by the Western Cape Government were expounded and various challenges and opportunities were highlighted.

3. Presentation by Lindner Recycling Technology on their approach to waste management

The Organisation provided the Committee with a briefing on their approach to waste management with specific reference to their shredding and compact reduction systems and how these are used for the creation of alternative fuels from domestic industrial and commercial waste.

4. Recommendations/Actions

The Committee REQUESTED the Department to provide the Committee with:

- 4.1 A report on the Department's role in managing the waste source relating to agricultural residues and volatile animal waste in the Western Cape and its impact on waste management.
- 4.2 A comparative analysis of the energy consumption of the BP Building situated at the Victoria and Alfred Waterfront before and after it became an eco-friendly building.

The meeting adjourned at 11h50.

MR RB LENTIT, MPP

CHAIRPERSON: STANDING COMMITTEE ON ENVIRONMENTAL AFFAIRS AND DEVELOPMENT
PLANNING
