Mr K E Magaxa: That the House notes 48 angry Manenberg families are facing their second winter living under terrible conditions in cold shipping containers due to this DA government's mismanagement of the upgrading of their flats with the failed Filcon saga, its embarrassing failure to deal with the drug wars in the area and the payment of gangsters for so-called protection with the full knowledge of the DA leaders in the City of Cape Town.

7. Mr S G Tyatyam: That the House notes the Cuban 5 arrived as free men in the Western Cape to a hero's welcome this week touring the country to show gratitude for the solidarity shown to them whilst unlawfully and unjustly imprisoned in the USA and further notes that Cuba played a pivotal role in the liberation struggle of the Southern African countries.

11. Ms B A Schäfer: That the House thanks the City of Cape Town for beating the loadshedding on 21 June 2015, and keeping the city's lights on while Eskom kept the rest of the country in the dark.
12. Ms M M Wenger: That the House notes:
 - (a) the recent utterances of President Jacob Zuma regarding the Marikana massacre and his naming of the Marikana Miners as killers;
 - (b) that the President has been in possession of the Farlam Commission of Inquiry's Report into the Massacre for three months already and has not released it publicly;
 - (c) that these utterances show contempt for the victims for this tragedy and their relatives;
 - (d) that the President's comments have exposed his bias in this matter and decimated the public's trust in the President as well as the ANC government's ability to deliver justice; and therefore
 condemns the President's utterances regarding the Marikana miners as well as his threat to make a return to brutal apartheid-style policing.
