MOTIONS

SUBJECT FOR DISCUSSION

Ms C Murray: The national government's lack of urgency in securing South Africa's status in terms of the African Growth and Opportunity Act (AGOA) and the subsequent implications for trade and economic growth in the Western Cape.

FURTHER BUSINESS

NOTICES OF MOTION ***(25 May 2023)***

1. Mr G Bosman: That the House debates the inefficiencies within the South African Police Service (SAPS) and how it has affected and hamstrung the current state of safety and policing in the Western Cape.

2. Mr F C Christians: That the House debates the delay in getting the railway lines and resultant infrastructure in the Western Cape in working condition to benefit the community.

NOTICES OF MOTION ***(20 April 2023)***

1. Mr C M Dugmore: That the House notes and commends the South African President, HE Cyril Matamela Ramaphosa, for the sterling job he and his government are doing to attract investment to our country, despite the present-day challenges; notes further that, in wrapping up the country's Investment Conference on Thursday, the President announced that South Africa has exceeded its initial R1,2 trillion investment target that was set in 2018 by over 25%; and notes further and welcomes the President's new investment target of R2 trillion by 2028.inspectors to inspect workplaces and to issue employers with compliance orders.

2. Ms D M Baartman: That the House notes with great concern the reductions to the Western Cape's provincial equitable share (PES) Health component; notes that, when the Western Cape Department of Health and Wellness provides home care to our most needy citizens, this care is not considered at all in PES calculations; rejects the system whereby capable governments are penalised for serving the interest of the people and incompetent governments are rewarded with additional funding; and notes that the PES formula is flawed and must be reviewed in order to ensure the Western Cape receives its fair share and can continue to provide quality services to the people of this province.

3. Mr T M Klaas: That the House notes that the Zwelihle Public Clinic in Hermanus is on the brink of collapse as it is failing to execute its service delivery duties; notes that the clinic experience long queues on a daily basis and the majority of these patients are turned away by the staff at the clinic due to inadequate staff at the facility; notes that nurses and staff at the clinic are complaining that they are overworked and are unable to attend to every patient as the Western Cape Department of Health and Wellness does not want to hire more staff to assist patients at the clinic; calls on the Western Cape Minister of Health to attend to this issue as a matter of urgency and also to make sure that we have clinics operating 24/7; and notes that cities, such as Ekurhuleni in Gauteng, have clinics operating for 24 hours from Monday to Saturday, while the Western Cape Department of Health and Wellness spends most of its time bragging about clean audits and not responding to patients' needs.

4. Mr C M Dugmore: That the House congratulates Ms Desiree Ellis, who hails from the Western Cape, on being awarded the national order, the Order of Ikhamanga (Gold), for her sustained encouragement and advancement of women to succeed in their respective fields after she herself contributed excellently to the field of football; and further congratulates long-standing ANC activist and member, Keith Gottschalk, on being awarded the same order but in silver; notes that Mr Gottshalk, as the notation points out, used "his creativity to draw critical attention to oppressive and unjust laws through performative political poetry; work that motivated many to fight for liberation", while some on the opposite side of this House supported the apartheid system.

5. Ms A P Bans: That the House notes and is shocked at the decision taken by the City not to replace street lighting along Baden Powell Drive in Strandfontein; notes that, since the lights went off in that area, the area has been a crime scene; notes that bodies are found almost daily, and that motorists are hijacked and assaulted; notes that the Strandfontein crime-fighters (CPF) have promised to fight the City for such negligence as former Mayor Dan Plato promised to improve lighting on the notorious coastal road and now the City is refusing, saying replacing street light lamps at this time due to the repeat cases of vandalism and the continued replacement of infrastructure is not feasible; and demands that the City to fix the lights, as this is a danger to society.
