## FURTHER BUSINESS

### NOTICES OF MOTION (28 July 2022)

1. Mr S N August: That the House debates the consideration of adopting two primary healthcare clinics in Atlantis into the provincial Department of Health to capacitate and staff their operation as a means to alleviate pressure on the Wesfleur Hospital, which is severely strained with service delivery and heavily short-staffed with the result that it is unable to handle the influx of patients who must be assessed daily.
2. Mr K Brinkhuis: That the House debates the intervention into the requirements for applications for permits to operate as stallholder.

### NOTICES OF MOTION (9 June 2022)

1. Mr M Xego: That the House condemns the continued threats by the Drakenstein Municipality's Mayor to the Minister of COGTA over the intended legal action regarding a municipal manager who should have retired a long time ago, but stayed on with the intention to cash in on bigger pension money; notes that this follows the actions of the Municipality in allowing a 65-year-old municipality manager, Johan Leibrandt, to stay on as manager beyond the six-month extension period he was granted by the Minister of COGTA; notes that, now that COGTA refuses to pay his retirement for the unaccounted years, the Municipality is threatening court action in order to make sure that their white friend cashes in with a hefty pay-out; and notes that it would be unfortunate if this matter goes to court, because this would be tax payers' money that will be used, money that should be spend on service delivery for the poor and not on some old white man who should have retired a long time ago.
