**FURTHER BUSINESS**

**NOTICES OF MOTION (27 May 2021)**

1. Ms N Makamba-Botya: That the House notes the selective nature in which the City of Cape Town responds and allocates resources pertaining to Disaster Risk Management; notes this comes after the residents of the Kraaifontein informal settlement were refused disaster relief by the City following the floods they have been experiencing after recent heavy rain; notes this stance by the City of Cape Town is not only inhumane when it comes to the plight of the poor, but it also has tenets of racism; notes the City has a mandate to provide service delivery to all the people in its jurisdiction, equally, fairly and without favour, by not taking into account race or class of the members of that society; and notes that by so doing, they not doing anyone a favour but executing a constitutional duty which they are obliged to execute.
2. Mr M K Sayed: That the House notes with concern that there are still children of farmworkers from rural farm areas around Elim in the Overberg who are not provided with Western Cape Education Department transport to the Elim Primary school despite the school being 11 kilometres from where they reside; notes that they have been registered in November last year for transport; notes that an empty bus paid for by the WCED drives through the areas and gets to the school empty; and calls on the Minister of Education to rectify this matter.

3. Ms N Makamba-Botya: That the House condemn the laziness of the South African Police Service in the Western Cape for their failure to execute their duties and to try to save human lives; notes that this comes after 1-year-old Ivakele Xolose from Joe Slovo fell into a water canal and was later found in Langa, which is 10 km away from his home; further notes when Ivakele's father called a member of the SAPS to say that his child is missing and was last seen closer to the water canal, they responded by saying that there is nothing they could do as there were no divers; notes that we believe that the SAPS still could have done more than to offer a cold response and that they could have tried to source assistance from elsewhere, such as calling other emergency services closer to the area; and notes that the police service in this country still remains passive to the pressing issues involving our people as they continuously articulate the same rhetoric of "there is nothing we can do".
4. Ms R Windvogel: That the House notes the fact that many schools are already facing the brunt of the third wave of the COVID-19 pandemic; and notes the fact that this province was not fully ready during first few stages.

#### **NOTICES OF MOTION (3 June 2021)**
