NOTICES OF MOTION (18 August 2022)

1. Ms N D Nkondlo: That the House notes and welcomes President Ramaphosa's remarks during the National Women's Day event that the government has committed to set aside 40 per cent of public-procurement spending to women-owned businesses; and calls on the Premier and his government to follow suit and make commitments to prioritise women-owned businesses in the public-procurement spend in the province.
2. Mr D Plato: That the House commends the actions of the City of Cape Town in ensuring the resumption of social assistance services in Khayelitsha; notes that, on 14 July Sassa suddenly and without notice closed the doors of its Khayelitsha branch, having failed to find an alternative site as the building underwent maintenance; notes that, despite the fact that Sassa is a national agency, the City of Cape Town mobilised to mitigate the agency's stunning incompetence by offering its own buildings for the use of the agency; and notes that this shows a clear recognition of the need to put people first on the part of the DA-led local and provincial spheres of government, and a total lack of care on the part of the ANC at the national level.
3. Mr G Bosman: That the House commends the Western Cape Government and the Mossel Bay Local Municipality for officially opening the Joint Operation Centre; notes that the facility will involve many structures from all levels of government and will contribute to our all-of-society approach, which will further our efforts to keep crime under control; notes that it is plain to see that we are going above and beyond our mandates, while the national government continues to underfund and incapacitate the SAPS; and notes that the opening of the Joint Operation Centre is yet another example of how the Western Cape continues to innovate, despite the difficulties it faces.
4. Ms W F Kaizer-Philander: That the House notes with concern the effects of decreasing budgets on public healthcare facilities and the impact it has on society's wellbeing; further echoes the call for our incompetent national government to prioritise its budgets so that provinces are able to be properly capacitated; and notes that the Western Cape continues to deliver quality healthcare to our residents despite our national counterparts not being able to deal effectively with the fiscal environment in which we find ourselves.
